

# Bio Identical

## HORMONE REPLACEMENT THERAPY

**SYNTHETIC HRT: NO MATCH**

**BIO IDENTICAL HRT: MATCH**

**COMPARISON: Bio Identical HRT is a replacement, not a substitute, for the body's own natural hormones.**

**The Healthy Choice Apothecary** is one of the most progressive pharmacies in the Northeast, with Certificates in Compounding from the National Association of Compounding Pharmacists and the Professional Compounders Centers of America (PCCA.) Their professional staff has the knowledge and resources to help customers discover the rewards of good health maintenance.

**Phil Altman, RPh** has been compounding Bio Identical HRT for almost a decade, and advising women on the benefits of proper nutrition, vitamins and herbs as contributors to good health.

**"Working with a cutting-edge pharmacist like Phil Altman of The Healthy Choice is the future of medicine, where doctor, pharmacist and patient collaborate to formulate individualized treatment regimens that meet the needs of the patient while being grounded in solid science."**

**- Dr. Joel Evans, MD**

Founder and Director - Center for Women's Health  
Assistant Clinical Professor of OB/GYN - Albert Einstein College of Medicine

## FOR WOMEN'S HEALTH

From PMS to hot flashes, each woman has her own special needs. For many women, persistent symptoms may require an individualized combination of ingredients that only a compounding pharmacist can make.

The key to successful treatment is a close collaboration among the patient, her physician and her compounding pharmacist. This powerful Triad works to develop a custom designed course of treatment that addresses each individual woman's needs.
